- ✗ Pesticide-free
- ✗ Preservative-free
- ✗ Gluten-free
- ✗ Lactose-free
- ✗ Grain-free

Goes with you anywhere, just add water.

High in Fibre

High in Calcium

Plant-based

Nutritious by nature: a source of selenium, a mineral that supports energy, immunity, and metabolic balance.

Gut health: with prebiotic inulin fiber, which nourishes the microbiome and supports better digestion.

Truly plant-based: free from lactose and animal-derived ingredients.

Sustainable and regenerative: each package eliminates the need for five carton packages and supports Amazonian communities.

Practical and economical: lightweight, easy to store, makes 5 liters, and lasts up to 3 months unopened.

How to Enjoy

Drink it pure for a full experience, or add it to your brewed/espresso coffee for a richer, velvety taste.

How to Prepare

For a delicious milk, mix the entire contents of this sachet with 230 ml of water and stir well.
